The NASA College Scholarship Fund, a Texas non-profit corporation, is announcing its 2005 Agencywide call for applications. The NCSF awards undergraduate scholarships to NASA dependents and former NASA employees, pursuing a course of study in science and engineering fields. (There is no minimum period of employment requirement for eligible dependents of NASA employees or reimbursable detailees who died while employed by NASA.)
- All applicants must graduate from an accredited public, private, or parochial high school or be currently enrolled in college with good academic standing.
- An applicant must have a minimum combined high school and college (if any) grade point average of 2.5 on a 4.0 scale, or an equivalent.
